

Your Utility Bill DeMISTified **Outside City Limits**

Clear away the fog surrounding the water tier structure, learn how your rates are calculated, and get help keeping your water bill low.

Water Tiers Made Clear

Based on single-family lots outside city limits. Water rates effective January 1, 2025.

Tier 1 Indoor Water Use

Tier 1 reflects the amount of water allotted for your home's indoor use. This is based on the monthly average amount of water used in your household from November through February. This is called your Average Winter Consumption (AWC). If your use hasn't exceeded your AWC, your rate will be \$10.49 per 1,000 gallons.

Tier 3 High Level Water Use

If your bill shows that you are in Tier 3, your use has exceeded the amount of water that has been allocated for outdoor use. Tier 3 allotment is 20,000 gallons. If your use exceeds your AWC plus your MOA, you will be charged a rate of \$15.74 per 1,000 gallons.

Example of a bill that goes into Tier 4.

Tier 2 Outdoor Water Use

Your outdoor water use is allocated using a Monthly Outdoor Allowance (MOA) based on lot size. If your use hasn't exceeded AWC plus your MOA, your rate will be \$10.49 per 1,000 gallons.

Tier 4 Excessive Water Use

If your water use exceeds your total Tier 1-3 allocation (AWC+MOA+20,000 gallons) you will be charged a rate of \$31.47 per 1,000 gallons.

Why Use Tiers? The tiered rate structure provides a water budget for a range of lot sizes and encourages

Lot Size Appendix

Lot size is calculated based on Adams County Land Valuation Summary records. The Adams County measurement is acres, so the value is multiplied by 43,560 to convert to square feet.

Lot Size in Square Feet

WITHOUT WATER *life would be* **PRETTY DRY**

THORNTONWATER.COM

THORNTON

Water Wiser and Watch the Savings Add Up

Here's How:

Set your irrigation controller to Cycle & Soak only twice a week.

- Use the Thornton Watering Guide to adjust watering times monthly.
- 3 Install a smart sprinkler controller and save even more with a rebate.
- 4

Give your lawn an H2Overhaul by transforming a portion of your lawn into a water-wise landscape with low-water plants.

Water during cooler hours of the day.

Keep Your Bill in Check

Stay On Track

Create a profile at **<u>Thornton.WaterSmart.com</u>** to track how many gallons you've used each month and compare it to your usage history via the included graph. Don't forget to set a leak alert!

	5	

Practice Saving

Turn off the faucet when you brush your teeth, only do full loads of laundry, upgrade to a WaterSense toilet, and convert one zone of your landscape to a water-wise garden.

Flush Out Hidden Waste

If you experience a sudden spike in water use, you could have a leak or sprinkler system issue. Learn how to locate it at **ThorntonWater.com**.

Your Investment

Your monthly payment helps build and maintain the city of Thornton's storage reservoirs, treatment plants, pump stations, underground pipes, and the delivery of clean water to your home. Monthly service charges cover the cost of administrative services such as meter reading and monthly billing.

Questions about your water bill?

Visit **gocot.net/billing** or contact utility billing at **utilbilling@thorntonco.gov** or **303-538-7370**.

Visit <u>ThorntonWater.com</u> for programs that can help you manage your water use.
